

BACKSTAGE

BACKSTAGE (*bak-staj*): a special place where only a select few are allowed to experience the best shows. In our case - this is a wine from our most premium grapes. Hand-selected to produce the finest quality wine. The **BACKSTAGE** wines are extremely limited and extremely incredible.

OUR STORY:

In 2010 we started our quest for super-premium vineyards to produce a very exclusive wine. We wanted a wine suitable for serving to wine consumers who demand super premium wines. After finding our vineyards in the Napa Valley, we focused our attention to every detail. We hand pick our grapes to select bunches at the perfect ripeness. We use only the best quality French oak wine barrels to age our wines. We bottle our wines in the strongest, most durable glass – with long, all natural corks. Most importantly, we used the best winemaking techniques available in order to produce these extremely incredible wines. Nothing less than “Cult” quality for Backstage Wines.

Green Room Vineyard – High up on Howell Mountain, at the North West section of Napa Valley. This 1- acre Super Premium Cabernet Sauvignon vineyard has an annual production of just 52 cases.

Backstage Vineyard – Located in the heart of Oakville, one of Napa Valley’s best growing areas for super premium Cabernet Sauvignon. This vineyard is 5 acres and has annual production of 600 cases.

Encore Vineyard – Located in the Rutherford area of Napa Valley. This 1-acre of super premium Cabernet Sauvignon has an annual production of 49 cases.

Proscenium Vineyard – Located in Rutherford, the valley floor of Napa Valley. This 5-acre super premium Chardonnay vineyard has an annual production of 650 cases.
